

Investor Risk Reduction Access (IRRA)

Investor Risk Reduction Access (IRRA)

- IRRA is a common cloud-based platform jointly provided by all Exchanges to investors when trading services of stock brokers are affected due to technical glitches and unforeseen outages
- IRRA will be activated only in case of an unforeseen contingency

Who can access the IRRA?

- Retail customers
- Not available for Algo trading and Institutional clients

Which activity customer can perform using the IRRA?

- ONLY square off/close open positions or cancel open orders
- VIEW Net position screen
- CANNOT place fresh orders or create fresh positions
- Securities in Trade to Trade (T2T) will not be available for square off

How to access the IRRA platform?

- You can access the IRRA platform from the following link: <https://login.irra.live/stocks/jsp/irra/>
- Mobile Application Link (AppStore) – Search IRRA to download IRRA Mobile App.
- Mobile Application Link (Play Store) – Search IRRA to download IRRA Mobile App.
